This state of affairs did not last long, as the bell of the steamer gave the signal of departure; although a committee waited upon Capt. One, asking that he should delay for a few bours. He was not to be moved, and all

AYER'S CHERRY PECTORAL.

For the rapideure of Coughs, Colds, Hoarseness Bronchitis, Whatening Cough, Asthina and consumption, is universally known as the best remedy ever yet discovered for every variety of pulmanary disease. So wide is the field of its usefulness and so numerous the cases of the cures, that almost every section of the country abounds in persons publically known, who have been restored from alarming and even desperate diseases of the lumps by its use. When sace tried its superiority over every other medicine of its kind is too apparent to escape observation and where its virines are known, the public no longer has itsee what antitote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. By its timely use many, nay almost any attacks of disease upon the lungs and threat, are arrested and thus are saved many thousands every year from a premature grave. No family should be without it, and those who do neglect to previde themselves with a remedy which wards off this dangerous class of disease will have cause to deplore it when it is too late. Proofs of the surpriving efficacy of the Cherry Pectoral need not be given to the American people.—they have living proofs in every neighborhood. But those who wish to read the statements of those whose whole health has been restored and whose lives have been gaved by its use, will find them in my American before and the state when its order of the surprising of these whose whole health has been restored and whose lives have been gaved by its use, will find them in my American Departs.—It is a for every one.

They relieve the bowels, purify the bile and blood, and invigorate the constitution, at one and the same time. To this fact all who try them will subscribe. The absence of minerals, and of every stapefying drug, renders them harmless, even to the most delicate female, or the feeblest child. No one can doubt their superiority after one single trial—they are not only better but, in fact, cheaper than any other Pills, for its takes a less number of them to produce a better effect.

Dr. C. W.ROMACK—Dear Sir: For the benefit of suffering humanity permit me to say that I have found your SCANDINAVIAN BLOOD PURIFIER and BLOOD PULLS as a sure cure for Indigestion and Liver Complaint. I was advised by a triend to try your Blood Purifier and Pills and did so. I was living in Cincinnati at the time, and I went to your office and purchased one bottle of the Purifier and one box of the Pills to commence with, and blees the day I found your saluable medicines, for a menjoying good health at present, and feel confident that the cure is permanent.
